

Treasurer's Update Year-end 2024

Note - Estimated amounts, subject to revision.

The DCRP will end the calendar year in a stronger financial position than when Chairman Allen West took office on June 17th. At that point, the bank balance totaled about \$85,000. The bank balance was well north of \$200,000 at the close of the year. Not included in that \$200,000 is the approximately \$65,000 in Primary Election reimbursements from the Texas Secretary of State, which the DCRP expects to receive after the SOS concludes its review of the election expenses. The two largest fundraisers under the new administration were the Reagan Rawhide Roundup, which produced gross contributions of almost \$346,000, followed by the DCRP Christmas Party which grossed just over \$78,000. Expenses for these two events totaled about \$185,000.
