RESOLUTION OPPOSING WEATHER MODIFICATION AND GEOENGINEERING IN TEXAS

WHEREAS, the Texas Senate has introduced SB 1154 (2025), recognizing the potential risks and ethical concerns associated with weather modification and geoengineering practices; and

WHEREAS, weather modification and geoengineering involve the deliberate manipulation of weather patterns, including cloud seeding and aerosol dispersal, which have unknown long-term environmental and health consequences; and

WHEREAS, these practices raise concerns over their potential impact on agriculture, water supplies, natural ecosystems, and public health; and

WHEREAS, the Texas Department of Licensing and Regulation (TDLR) currently provides oversight and authorization for weather modification programs within the state, effectively endorsing the practice despite growing public opposition and scientific uncertainties; and

WHEREAS, many Texans believe that weather modification and geoengineering should not be permitted without full transparency, rigorous scientific review, and public consent; and

WHEREAS, government interference in natural weather patterns may have unintended consequences, including exacerbating droughts, severe storms, and other climatic disruptions; and

WHEREAS, the principles of limited government and individual rights include the right of Texans to be free from experimental atmospheric interventions that have not been fully vetted for safety or effectiveness; and

WHEREAS, it is the responsibility of the state to protect the land, water, and air of Texas from potentially harmful interventions; and

THEREFORE, BE IT RESOLVED that the Dallas County Republican Party strongly supports the passage of SB 1154 to ban weather modification and geoengineering practices within the State of Texas; and

BE IT FURTHER RESOLVED that we call upon the Texas Department of Licensing and Regulation (TDLR) to immediately cease its support and authorization of weather modification programs and to uphold the will of Texans who oppose these practices; and

BE IT FINALLY RESOLVED that copies of this resolution be sent to Governor Greg Abbott, the Texas Legislature, and the Texas Department of Licensing and Regulation to formally express our position on this matter; and

BE IT FURTHER RESOLVED that the Dallas County Republican Party will publicize this resolution with a press release; and

BE IT FURTHER RESOLVED that the Chairman of the Dallas County Republican Party will transmit the text of this resolution to the Texas Senate in support of SB 1154.

SIGNED:

A handwritten signature in black ink that reads "Allen B. West". The signature is written in a cursive, flowing style with a large initial 'A' and a long, sweeping underline.

LTC Allen B. West (Ret.)

Chairman, Dallas County Republican Party
