

April 21, 2026

Dear Sirs and Madams,

On behalf of the Dallas County Republican Party County Executive Committee (“CEC”), we are writing to provide notice of actions taken by the CEC at its meeting on April 20, 2026.

At that meeting, the CEC approved two resolutions relating to the administration of the 2026 Republican Primary Runoff:

**Resolution 1 – Reaffirmation of Contract and Prior Authorization** The CEC reaffirmed the December 31, 2025 Election Services Contract as the governing agreement for the administration of the 2026 Republican Primary Runoff. The CEC also clarified that it has not taken any formal action to amend or modify that agreement.

**Resolution 2 – Direction for Compliance and Communication**

The CEC directed party officials to proceed in a manner consistent with the December 31, 2025 Contract and to provide notice of this position to relevant parties.

Consistent with these actions, the CEC’s understanding is that the December 31, 2025 Election Services Contract remains the operative agreement between the CEC and the Dallas County Elections Department for purposes of the upcoming runoff election.

The CEC further understands that the contract provides for precinct-based Election Day voting, and it is the Committee’s expectation that election administration will align with the terms of that agreement.

We share this information to ensure clarity and alignment among all parties involved in the administration of the upcoming election. We welcome any questions or coordination that may be helpful as preparations continue.

We would appreciate confirmation of receipt of this notice at your convenience.

Identical correspondence is being provided to the Dallas County Elections Administrator and other relevant parties to ensure consistent communication.

Thank you for your time and attention to this matter.

Respectfully submitted,

*Tami Brown Rodriguez*
